The Golden West College Foundation was organized in 1986 to solicit and manage gifts to benefit the college and its students. The Foundation is dedicated to supporting the College's mission of providing comprehensive academic opportunities to the community for lifelong learning.

A board of directors, which provides the leadership and direction for the organization's operation, manages the Foundation. The Foundation has grown steadily since 1986 with assets over \$9,300,000. This has been accomplished through donations of cash, bequests and grants from individuals and businesses. The Foundation has provided over \$8,800,000 in scholarships to Golden West College students and over \$8,700,000 in program support. In addition to cash assets, the Foundation annually receives donated equipment and supplies that represent thousands of dollars in non-monetary gifts.

The primary focus of the Foundation Board of Directors is to work towards building support for college-wide needs. To nurture groups who have special interests in supporting Golden West College, the Foundation provides staff support and direction to two auxiliaries. Each auxiliary, managed by its own board and officers, requires membership dues to cover operational expenses.

Foundation staff (L-R) Sheila Cox, Bruce Berman, and Ryan Chung. The Foundation Office is located in the Administration Building on the east side of the President's Courtyard.

GOLDEN WEST COLLEGE FOUNDATION MISSION STATEMENT

The Golden West College Foundation's mission is to provide resources to support the College for advancing educational opportunities and life-long learning for students.

Golden West College Foundation Chair, Steve Olmsted

The Golden West College Foundation Mission is to “provide resources to support Golden West College and the community by advancing education and opportunity for all students”. We are so proud of what Golden West College has accomplished in the first 50 years and excitedly look forward to providing support and resources for the next 50 years.

I am pleased to acknowledge and report the efforts of the Foundation Board of Directors and its supporters this past year. Since 1985, the Foundation has helped fund over \$8,800,000 in scholarships and \$8,700,000 in program support. Our Foundation Board and Auxiliary groups — the Patrons and the Hens & Chickens Quilt Fellowship — have all increased in memberships and our community relations and outreach continues to grow.

Thank you to all the Foundation Board of Directors who give their time and effort so generously for the students, faculty and staff at GWC, and to our community at large for their continued support.

A handwritten signature in black ink, appearing to read 'S. Olmsted', written in a cursive style.

Steve Olmsted, Chair
Golden West College Foundation

Golden West College President, Wes Bryan

Last year's annual report celebrated our 50th year of serving students. I shared about how the generosity of donors and the support from community has been the helping hand so many students need to cross the finish line, and for some to even start the race.

We have served more than one million people through our programs! Children have taken "college for kids" and graduated with honors at some of our nation's most prestigious universities. Students have come here knowing very little English and graduated with honors, while others have come here with stellar high school GPAs. We also offer our "CSU in Two" program allowing students to complete our transfer pathway to a four-year university, sparing them from incurring sizeable student debt. The generosity of our donors made **"Oceans of Opportunity"** possible for students.

GWC is getting ready for the next fifty years. Look around at the new buildings. We've hired new faculty and staff ready to use new technology, deploy new teaching strategies and add new courses. Students, on the other hand, face an uncertain future; not sure which jobs will be there when they graduate, how they will pay for books and supplies without incurring mounting student debt.

Together we have underwritten our foundation to ensure it remains a reliable and dependable resource for our students. In June of 2005 the net resources of our Foundation was \$2.6 million. In the last twelve years, because of the pay-it-forward generosity of our donors and the work of our Foundation Board, these assets have grown to \$9,267,309. That's a gain of over \$6,667,000.

Most refreshing is that during this same period of time the Foundation gave back to students and the community more than \$17 million in scholarships, services and support. What some don't always understand is that foundations must save in order to give. Because of your generosity, our Foundation has been able to do both.

On behalf of all the students you have helped us help, thank you.

A handwritten signature of Wes Bryan in black ink.

making an impact

Rachel Ramirez in her office at Performance Excellence Partners in Huntington Beach.

You might say that Golden West College Foundation Board Member Rachel Ramirez is an accidental entrepreneur. She's been running her small business since 1999, but looking back on how it all got started, she'll tell you that she didn't set out with this career track in mind. "I was working for the City of Long Beach in Workforce Development, which was related

to my degree in Industrial Organizational Psychology, when someone recommended me for a position at a government agency in Washington D.C.," Rachel recalled. "I was supposed to spend a year there, but I ended up spending six. After you do that, you either become a career Fed, or you become a consultant. I decided I couldn't become a Fed," she quipped.

*"These are all very important endeavours
that will have a huge impact on our
community for a long time to come."*

Rachel's first solo break came with an opportunity to manage a government contract worth about \$800,000.

"In order to secure the contract, I needed to establish a business with all the legalities that entails," explained Rachel. "I didn't even have a bank account in D.C., so I walked into a bank on Pennsylvania Avenue and told them I needed to set up a business to handle a government contract."

When her new banker asked what the contract was for, she explained it was to manage a conference called The Journey to Performance Excellence. "The gentleman suggested I call my business Performance Excellence Partners — PEP — because he thought I seemed kind of peppy. I said, 'Okay, great!' It was the easiest decision I've ever made in my life!"

After five years, Congress abruptly ended funding for the contract. "I had a company that had handled one contract for all this time, and by then I was married with a baby on the way," Rachel explained. "I thought, 'I need to go to work for a real company.' I had never intended to have a company of my own." Rachel took a job with a D.C. lobbying firm, but quickly realized that it wasn't suited for her. "I had gotten too independent, so I decided I'd rather take my chances out there and figure this thing out for real. With that, I started a really long journey of learning how to officially go after competitive contracts with the Federal Government."

Rachel and her husband moved back to California where, slowly but surely, she built up her business. "We've had opportunities to work with a lot of different government agencies — Labor, Energy, Homeland Security — doing everything from project management to running grant programs," she explained. "I would say that what we do well is manage people and manage contracts, and we work well with our clients and partners. That seems to be a recipe for success."

With the success that has resulted from her hard work, Rachel began looking for ways to use some of her energy to improve the community. "I connected with [GWC

Foundation Director] Bruce Berman through the Huntington Beach Chamber of Commerce, and I've loved getting to know the college as a Foundation Board member. The diversity of the student population is amazing, and I think the college does an excellent job of preparing folks to work in the real world, whether they want to go to a university or get a job. I understand firsthand how challenging it can be for companies to find qualified hires," she said. "A community college is asked to do a lot, and I think they make good use of our tax dollars and resources."

When Rachel was looking for ways she could make an impact,

she concluded that the GWC Foundation has effective systems already in place. "It's not like you have to start from scratch," she said. "They have a great staff and they make it easy for you. They have identified a need, and a way of meeting that need, and there are people in place to make it happen," she said. "The Foundation does a good job of putting its board members to work in ways that they will have the most impact."

"The way I see it," Rachel continued, "the Foundation is a blessing for the people who come into contact with it. It may be something as small as a grant or scholarship to a student, or purchasing something that will help a teacher do a better job, but these are all very important endeavours that will have a huge impact on our community for a long time to come. I remember when I was a student. For the longest time, I felt like I was in a really good place if I had \$61 or \$62 in the bank. You see, that meant I could take out \$20 three times, and it would sustain me for an entire month. So when you talk about the significance of some of the smaller scholarships that might be for only a few hundred dollars, to someone in that situation, it can make all the difference in the world."

A complete audit report is available in the Golden West College Foundation Office.

STATEMENT OF FINANCIAL POSITION

For the Fiscal Year Ended June 30, 2017

ASSETS

Current Assets

Cash and cash equivalents	\$ 2,274,076

enhancing our students' experience

"It allows me to keep an eye out for innovative ways to bring more experiential learning to my labs."

If someone offered to grant you one wish, would you ask for a Dual Swine Lung Comparison Kit? No? If you were Michael Valinluck you would. Michael teaches anatomy, physiology and microbiology at Golden West College, and to be fair, there are limitations that apply to the wish-granting offer. First, it has to cost less than \$1,000, and more importantly, you have to show that it will benefit GWC students in some way.

"Anytime the Foundation posts the Wish List application, I read through it and see if I can improve the programs I'm involved in," Michael explained. "I know there are a lot of other faculty and staff who apply for Wish List grants, so I try not to be too selfish, and I always try to find something that will last — something durable that will enhance the students' experience; enhance their learning."

Anatomy, physiology and microbiology are prerequisite courses for a variety of majors in the healthcare field. "I have a lot of nursing students, and a lot of students with other majors too," said Michael, "including occupational therapy, physical therapy, kinesiology and even pharmacy and pre-med." Michael wants all of them to get as much hands-on experience as possible. "Whenever we assess specific Student Learning Outcome data that are tied to hands-on activities, we find that the outcomes are much higher," he explained.

"Before I was hired at Golden West, a lot of the physiology lab work was done virtually with computer simulations," Michael continued. There's a certain cost efficiency to that — new materials don't need to be purchased for every class — but it can also lead to students becoming disengaged. It

works fine for a couple of weeks, but doing a sixteen-week course that way becomes a bit tedious. "You'd have students who would just click through the simulation as fast as possible, just to get done," he said.

One of Michael's first goals at GWC was to transform the lab, and that required a curriculum re-vamp. He wrote up the course outlines, and the department's instructional associate priced the materials needed for each class to do real dissections and other procedures. Those costs are now covered by the general budget, but Michael turns to the Foundation Wish List to equip him with things that will enhance the lab experience, like the swine lung kit, which demonstrates how two side-by-side lungs inflate.

"One of the lungs is a typical pig's lung, which is very similar to a human's, and the other is a simulated smoker's lung — also from a pig," Michael explained. "I always make it clear that they didn't force a pig to smoke, but rather they treated the lung to simulate the damage that smoking causes," he said with a smile. "The demonstration is very complimentary to the dissection lab where we examine all the different structures of lungs. Although it seems very basic, just being able to see how a lung inflates can increase the students' interest and open their eyes to how our bodies work and the beauty within. I think we all have an idea of what an inflating lung looks like, but you see something in the students' reactions when they first see it. They don't expect the lungs to get as large and impressive as they do. And of course, the comparison between the normal lung and the smoker's lung is also quite revealing."

Students take turns inflating swine lungs in the GWC physiology lab.

Without the Foundation Wish List, Michael admits that he'd probably purchase these types of items himself — spending hundreds of dollars out of his own pocket. “That would be the path of least resistance,” he said, “but the Wish List application process is very straightforward, and it allows me to keep an eye out for innovative ways to bring more experiential learning to my labs.”

With funding from Measure M — the general obligation bond measure that was passed by voters in 2012 — Golden West College has been adding some beautiful new buildings to its campus. These include a new one-stop Student Services Center, a new Criminal Justice Training Center, and a spectacular new math-science building that is now nearing completion of its concrete and steel foundation phase. “Our entire department has been actively involved in contributing to the planning process of the new building,” said Michael. “Everything from the shapes of the tables to the square footage of whiteboard space. So whenever we order

equipment, we’re always keeping in mind how it will transfer to the new building. I want to make the new physiology lab a flexible space, so things can be moved around to accommodate different equipment and whatnot. There are a lot of activities where you have to exercise, so right now we use a few weights and a jump rope. We do what we can with what we have, but at some other institutions you’ll find options like a treadmill, which can produce much more consistent results. These are exciting times with all the possibilities of the new building, and the GWC Foundation gives us additional ways to fulfill our wishes.”

A portion of the unrestricted funds raised by the Golden West College Foundation is used to grant “Wish List” items for departments on campus. Thanks to the success of fundraising events like our annual Gala, \$40,000 was funded for the 2016–2017 school year.

GWC Foundation Auxiliaries offer excellent opportunities for individuals to contribute their valuable time, energy and creativity while making a positive impact on students' lives.

The Golden West College Patrons

The Golden West College Patrons is a volunteer organization comprised of current and retired GWC staff, faculty, alumni and community members. Organized in 1973, the Patrons' main objective is to raise funds for scholarships through the Chefs for Scholarships event each fall. The members also volunteer countless hours each year in support of other events such as the Gala, Scholarships & Awards, and Graduation ceremonies.

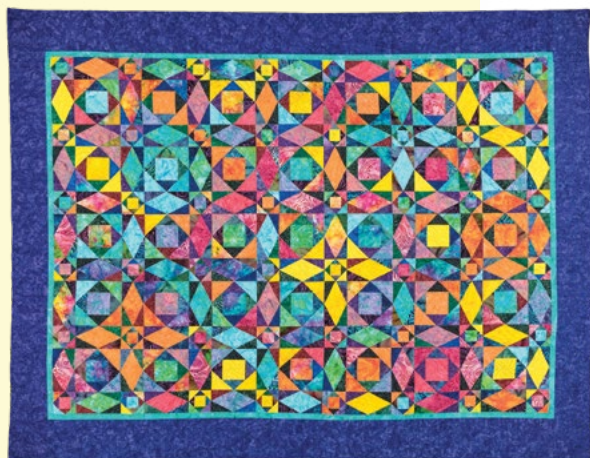

Chefs for Scholarships

The Twelfth Annual Chefs for Scholarships was held on September 25, 2017 in the Student Center and outdoor area. Guests were treated to delicious samples from local restaurants, wineries and breweries.

The proceeds from the event will be used to fund scholarships for high school students planning to attend Golden West College, Veterans scholarships, and general scholarships for GWC students.

STAR Book Program Supports Student Success

The Golden West College Foundation allots funds to the GWC Library for the purchase of textbooks under the STAR (Student Textbook Access Reserve Collection) Book Program. This program is necessary because not all students can afford the \$500-\$1,000 textbook costs per semester. The STAR program allows students to access their textbooks through a library loan program.

Hens & Chickens Quilt Auxiliary

The Hens & Chickens Quilt Fellowships of Golden West College began in 1989 and now has members ranging in age from 12-80.

Each year they make a beautiful quilt for an opportunity drawing and donate the proceeds to Golden West College scholarships. The winner of the 2017 quilt was Sarah Molchan of Bellflower.

The Golden West College Foundation proudly gives back to the community by supporting CIELO, El Viento Foundation, Oak View Renewal, and the Huntington Beach Youth Shelter.

CIELO

Community for Innovation, Entrepreneurship, Leadership & Opportunities

The mission of CIELO is to cultivate leaders throughout Huntington Beach and Orange County by helping them realize their entrepreneurial dreams through education, mentoring, technical assistance, investments and peer-to-peer teams. The partnership between CIELO and Golden West College is dedicated to transforming dreams into reality, and generating economic impact for the individual and greater community.

El Viento Foundation

The El Viento Foundation makes a 10 year commitment to students from the poorest neighborhood in Huntington Beach, enabling them to be the first in their families to graduate high school and attend college. El Viento seeks to make a difference — to leave a legacy for the children, the families, and the community of Oak View and Huntington Beach.

Oak View Renewal

Oak View Renewal Partnership's (OVRP) mission is to narrow the cultural, social, educational, health, and economic gaps between the Oak View community and the surrounding City of Huntington Beach. By addressing the disparity in jobs, education, and health, OVRP is a leading example in scalable and sustainable community renewal.

Huntington Beach Youth Shelter

The *Light of Love* snowflakes support the Huntington Beach Youth Shelter. The Youth Shelter is an emergency crisis and intervention program providing a safe environment for approximately 120 Orange County 11-17 year old children each year. The home provides a clean bed, meals, counseling and tutoring for runaways at risk, and homeless youth in crisis.

asset to the
community

Officer Matthew Spencer of the Fountain Valley Police Department — a graduate of the Golden West College Regular Basic Course Police Academy.

Construction of the Scenario Laboratory Complex at the new Criminal Justice Training Center nears completion.

This is an exciting time at Golden West College. This spring, two new buildings are opening on campus, and as beautiful and impressive as the buildings are, it's the people who'll pass through them, and the impact they'll have on our community, that gives them significance.

On the east side of campus, the new Criminal Justice Training Center will house our law enforcement academies, criminal justice academic courses, and in-service training for working police professionals. The center includes a Scenario Laboratory Complex — a small “village” consisting of residential, industrial and commercial store-front buildings — that will provide the infrastructure needed to stage reality-based use-of-force training exercises.

The state-of-the-art facility promises to be a highly valued asset to our academies, as well as the region's law enforcement agencies. “The scenario village is very important to me,” said Fountain Valley Police Chief Kevin Childe on a recent visit to the new center. “To do this type of training, you have to set up scenarios that are realistic and authentic. Situations that happen out on the street are very complex and hard to replicate in a regular building. You need the flexibility to change a lot of things. Then you insert vehicles and handguns, and try to do it all safely. We're talking about putting a lot of resources into play.”

Thousands of police recruits have graduated from the Criminal Justice Training Center at GWC over the years, and with thirty-seven reaching top positions such as Police Chief and Sheriff, the center's reputation is exemplary. “I recruit almost exclusively from this academy,” Chief Childe explained. “I go all throughout the state and try to attract folks, but I have two training officers working here because of the high standards. It's a great way to identify and develop top talent.”

Officer Matthew Spencer is a prime example. A former Marine who served two deployments in Afghanistan, he joined the Golden West academy as a self-sponsored recruit in 2016.

“Growing up, I always looked up to the police,” said Officer Spencer, “and I knew I wanted to do policing by the time I was 18, but I was still too young. I knew the Marines would help me with that.” Once he felt he was ready, a cousin recommended the Golden West academy to him. “The training was really tough, but my experience in the military helped me a lot.”

Being self-sponsored means a recruit must pay the \$7,500 cost of the academy from his or her own pocket, and since the academy is full time, including some nights and weekends, recruits aren't able to work. “I used the G.I. Bill, but it only paid about \$1,000, and I didn't receive my first payment until two months after I started,” Officer Spencer recalled. “I had to take out a loan and use credit cards to get by.”

Chief Childe — a Golden West academy graduate who later served as a training officer — said, “The veteran recruits usually do well in the academy, but the financial burden can be stressful. We've had veterans re-enlist; going back to combat just to support their families.”

Enter The Assistance League of Huntington Beach. As a retiree volunteering at the Fountain Valley PD, Assistance League member Jean Hardy heard about the situation with veteran recruits and jumped in to help. The League had been supporting GWC nursing students with scholarships since the 1970s, so they were eager to establish the Returning Combat Veteran Scholarship Program. “Donating to Golden West is a great way to support the community,” said Hardy.

The scholarship program now distributes about \$26,000 annually from The Assistance League to GWC veteran recruits. “I was thrilled to be able to give the scholarship to Officer Spencer last year,” said Hardy. “The awards are about \$2,000 each, which doesn't come close to covering their costs, but our little contributions seem to be greatly appreciated.”

“I was a student here 27 years ago,” said Chief Childe, “and as I look around, I'm excited because we're investing in the people who want to go out and help people. This is where they make police officers.”

Courtyard of Honor

Above: The Golden West College Chemistry Faculty was awarded a Pillar of Support for their sustained financial contributions in excess of \$25,000.

Top right: Steve Olmsted, Foundation Chair, presenting the Golden Society Award to Orange County Fine Arts.

Bottom right: Russell Terry receives the Golden Society Award.

In the spirit of gratitude and appreciation, the Golden West College Foundation unveiled the Courtyard of Honor ceremony to recognize outstanding Alumni and Major Donors.

The first Pillars of Support were inducted at the inaugural Courtyard of Honor ceremony in 1991. Since that time, Golden West College has inducted 55 Pillars. A Pillar of Support represents cash gifts totaling \$25,000 – \$99,000 from an individual or business.

In 2012, the Premier Pillar of Support was added to the donor categories. Premier Pillars of Support are those individuals or businesses who have donated \$100,000 or more to Golden West College. These funds are designated

to support student success in a variety of areas, including scholarships in the Criminal Justice program, assistance for student nurses, memorial scholarships, and advanced training for students as they transfer to a four-year institution or join the workforce. To date, thirty-three Premier Pillars of Support have been inducted.

On Thursday, October 19, 2017, the Golden West College Foundation held the 26th Annual Courtyard of Honor Ceremony, honoring donors and recognizing successful alumni. This year, the Foundation recognized one new Pillar of Support, two members of the Golden Society and four Alumni Pillars of Achievement.

Chief Kevin Childe, a United States Marine Corps Veteran, grew up in the City of Fountain Valley. In 1990 he independently enrolled in the Golden West College Police Academy, where

he was recruited and hired by the Fountain Valley Police Department. He worked a variety of assignments as a police officer, including Patrol, K-9, and SWAT. He was promoted to the rank of Sergeant in 1999 and worked as both Patrol Field and Detective Supervisor. In 2002, he was promoted to Lieutenant and returned to the Patrol Division as Patrol Watch Commander. In 2004, Kevin was promoted to Captain and assigned Patrol Division duties where he was responsible for all front-line services and later, in 2007, he assumed command of the Support Services Division.

For more than ten years, Chief Childe has served Golden West College as an adjunct instructor where he has taught, trained, and mentored many police officers throughout Orange and LA Counties. Kevin currently manages the Returning Combat Veterans Scholarships Program, which provides needed financial support to deserving former service members seeking to continue their public service as a police officers.

Chief Childe serves as an Advisory Board Member of the Assistance League of Huntington Beach and the Fountain Valley Retired Senior Volunteer Program. Kevin holds a Bachelor of Science Degree in Vocational Education and a Master of Science Degree in Emergency Services Management from CSULB. Kevin is married with two children and enjoys cycling and fitness activities and stays busy with club soccer games with his family.

After graduating from Golden West College, **Demian Garcia** began working for Orange County Head Start as a Family Engagement Advocate, where he put the skills he learned at

GWC through campus life immediately to use. During his first year at OCHS, he served as the Community Relations Intern for Congresswoman Loretta Sanchez and later transferred to her campaign office during her first reelection. His involvement continued with the League of United Latin American Citizens where he founded LULAC of Garden Grove and was active for many years.

Demian joined the United States Army Reserve in 1995 and was deployed to Kosovo in 2003, where he volunteered in the rebuilding of a public school that had been damaged by war. He continued on active duty from 2004–2007, where he worked as an Armorer and Logistician for the 349th Combat Support Hospital and the 176th Medical Group, also becoming a Non-Commissioned Officer and charged with all aspects of running a unit.

After returning home, Demian started a family and continued his studies at Concorde Career College for Vocational Nursing, graduating with honors. In 2012 he became an advocate for children and families with special needs throughout Orange County.

Demian has been an active volunteer for the Orange County Head Start for the past six years and was voted as the OCHS Policy Council Chairperson in 2015–2016. In 2017 he was appointed as the Chair of the Garden Grove Unified Council of PTS's Special Education Committee where he works for all children who have special needs, including both his daughters who have autism.

Alumni Pillars of Achievement

After graduating from Westminster High School, **Penny Loomer** was the 42nd student to register at the new Golden West College. Two years later, she would be a part of the first graduating class in 1968 and

be the student speaker at the first Commencement at GWC. While attending Golden West College, Penny was very involved in numerous student activities which included Steering, Rustler Round-up and Green & Gold Committees, Cheerleader, Coronation Court, Rustler of the Year and the Charter President of the Golden West College Patrons. Upon graduation, Penny continued her education at California State University Fresno, graduating with a Bachelor of Science degree with an emphasis in Business Administration.

After college, Penny began her full-time professional commitment to the City of Westminster as a Recreation Supervisor. This was just the beginning of forty years of growth and dedication to the citizens of Westminster, as she rose through the ranks of Community Services Director, Deputy City Manager, Assistant City Manager and Interim City Manager.

Penny's commitment to her community has been consistent and exemplary. In 1992 she was recognized by the Chamber of Commerce as the Citizen of the Year, and in 1997 she was given the Soroptimist International of Westminster's Woman of Distinction Award. Her involvement also includes Westminster School Board, Coastline Community College Advisory Committee, Westminster Boys & Girls Club, and many more organizations.

Penny has lived in Westminster for 60 years, and shares her life with her husband of 40 years, Gary, her daughters Amanda and Abbe, her sons-in-law John and Michael, and her granddaughter Olive.

Andrea Nielsen was born and raised in Westminster and started college at GWC in 1995. She graduated from UCLA in 2000 with a Bachelor of Arts in Psychology and a minor in Classical Civilizations. Following

graduation, she spent the last 18 years working on advertising in media in Los Angeles and New York. Focusing on advertising strategy, Andrea has produced memorable advertising campaigns for some of the largest Fortune 500 companies and has been a conference speaker for *The Wall Street Journal* and major New York advertising agencies.

In her first advertising position in 2000, she created the first online advertising to connect interested auto buyers directly with local dealers for scheduled test drives. Throughout 2002-2005 she produced the first live viewer voting in sports broadcasting via online and text messaging on FOX. Following NewsCorp's acquisition of MySpace, she launched some of the earliest national ad campaigns on the first global social network. After leaving NewsCorp, Andrea headed to IAC where, in 2008, she created an OMMA-award winning ad for Visa that provided Match.com daters with real-time date suggestions based on content from local review sites.

She most recently worked at Oath, the media entity owned by Verizon comprised of properties such as The Huffington Post, AOL, Yahoo and MSN. While at Oath she pioneered live digital video advertising integration with Citi's HuffPost Live Music featuring up-and-coming artists, who performed live and answered questions from journalists and fans. Following the success with Citi, she launched the Ad Week magazine award-winning video series Everyday Genius with American Express.

Andrea is married to her husband Jeff and currently resides in Playa del Rey.

DONOR CATEGORIES

Golden West College's Donor Wall is located outside the President's office in the Courtyard of Honor. The wall features three sections: Pillars of GWC, Golden Society, and Circle of Donors. Six different categories are represented on the Donor Wall: Premier Pillars of Support—\$100,000 +, Pillars of Support—\$25,000 - \$99,999, Golden Society—\$10,000 - \$24,999, Honors Circle—\$5,000 - \$9,999, President's Circle—\$2,500 - \$4,999, Scholars Circle — \$1,200 - \$2,499, and Friends of GWC Circle—\$250 - 1,199 (Levels are cumulative).

Since 1986, the Golden West College Foundation has processed over \$8,800,000 million for student scholarships. Each scholarship application involves a process of review by scholarship committees who select the recipients based upon individual scholarship criteria.

At the Scholarships and Awards Ceremony held last May, 453 scholarships worth \$517,000 were awarded to 294 GWC students. The Scholarships and Awards Ceremony recognizes both the scholarship recipients and the donors who support them. The ceremony is held annually at the college.

2016-2017 Scholarships & Awards Recipients

The following Scholarships and Awards were awarded to GWC Students at the May 2017 Ceremony.

Academic Senate Scholarship

Karen Fabrizio

Alpha Gamma Sigma Honor Society Scholarship

Ways to Support Golden West College

Whether you are looking to make a gift now or planning for future giving through bequests in your will, IRA or retirement accounts, charitable annuities or trusts, the Foundation Office at Golden West College can help. Please contact us at (714) 895-8316 or email bberman@gwc.cccd.edu for more information.

Gifts of Cash

Gifts of Cash (cash, checks or credit card) are always welcome and can be designated by the Donor as to their use or can be left up to the college to use them where most needed. These gifts can be of an endowed, temporarily restricted or unrestricted nature.

Gifts of Real Estate

Gifts of appreciated real estate provide you with an immediate tax deduction and capital gains tax savings. Real estate donations can be made immediately or through your will or living trust. Donors can also make a tax-deductible current gift of their home while continuing to live in and enjoy it for their lifetimes with a gift of retained life interest.

Gifts of Personal Property

Almost any form of property, such as works of art, antiques and other personal items can be a suitable charitable gift.

Gifts of Intellectual Property

Gifts of intellectual property such as copyrights, patents, royalties, licenses, and technical data are welcome. The tax and legal provisions that govern these gifts vary according to the type of property.

Gifts of Stocks or Bonds

For information on how to make a gift to the Golden West College Foundation through transfer of stocks or bonds, please call the GWC Foundation Office at 714-895-8315. The taxable benefits of gifting appreciated securities may be substantial.

Gifts by Wills or Living Trusts

Gifts made by will or through a revocable living trust may result in estate tax savings and can be established to enhance an endowed fund that will honor the donor or loved one in perpetuity, establish a named or memorial fund, designate an area of the college you wish to support, or leave it up to the college to use the gift where it is most needed.

Gifts of Life Income

There are many types of planned gifts for those interested in making significant gifts while enjoying increased income and an immediate charitable deduction. This type of gift includes Charitable Remainder Trusts, Pooled Income Funds, and Charitable Gift Annuities. Other deferred gifts include life insurance and retirement plans.

Charitable Lead Trusts

A Charitable Lead Trust can provide immediate cash gifts from the trust income to the college for a stated period of years. After that time, the appreciated assets return to you, or transfer tax-free to your heirs.

Matching Gifts

Many employers participate in a matching gifts program that can double, triple or quadruple your gift to GWC. Donors receive full credit for their matching gifts for the purposes of recognition and benefits. Just ask your company's personnel office for a matching gifts form, fill it out and send it in with your contribution. We'll take it from there.

Naming Opportunities

Individuals and companies wishing to make an enduring contribution to the new Criminal Justice Training Center can take advantage of the opportunity to associate their name with the following features: CJTC Building, Community Room, Armory, Biddle Course, Grinder, Force Options Training Lab, Pull-Over Street, Ready Room, Mat Room, Classrooms and the Scenario Village. See gwc.info/cjtc/flipbook/ for detailed descriptions of each CJTC feature.

Other types of gifts not listed

There are many additional ways to support GWC. If you have questions about giving personal property, appreciated securities, gifts in kind, or by any other means, please contact the GWC Foundation.

For more information about any of the "Ways to Support GWC" please contact the Golden West College Foundation at (714) 895-8316.

Golden West College Foundation is a 501(c)(3). Contributions to the Foundation are tax deductible. Tax I.D.# 33-0073702

Golden West College Foundation Director, Bruce Berman

I would like to take this opportunity to thank the Foundation Board of Directors for their time and resources and our donors and community members for their generous support. Golden West College has a profound impact on the lives of its students and the communities it serves. The Foundation strives to provide the vital resources that empower our students to realize their potential as individuals and as professionals in our community.

Thank you all for making student success a priority with your continuing support. I am privileged to work with such an enthusiastic, professional board and to represent Golden West College in the community.

A handwritten signature in black ink that reads "Bruce Berman".
