

2019 ANNUAL REPORT
GOLDEN WEST COLLEGE FOUNDATION

A BUSTLING HUB FOR LEARNING

Welcome to GWC's new STEM Center, which has evolved into a popular gathering spot for students and faculty since it opened on the first day of the Fall 2019 semester. It's located on the ground floor of the new 125,000-square-foot, three-story Math and Science building, which houses the Mathematics, Biological Sciences, and Physical Science Departments.

"It's fantastic," said part-time chemistry instructor Stan Hiew, who was in the center grading exams on a recent Tuesday afternoon.

Hiew earned his doctorate in organic chemistry from UC Irvine last spring. "This (STEM Center) is more modern than the one at UCI," Hiew said.

At the front counter, students can check out anatomy models featuring removable muscle and bone systems and organs; textbooks; chemistry models; Chrome books; microscopes, slides, and calculators – for free, and for the day or for the semester.

Halle Mason and Ally Bebout sat at a table studying for a physiology quiz they would take later that day.

Bebout, a sophomore majoring in nursing, needed help with a question so she walked over to another table where her professor, Nam Vu, was holding office hours. Mathematics and Science Department professors frequently hold their office hours in the STEM Center. They place a flag on their table indicating their area of expertise: a yellow flag for chemistry, green for biology, blue for math.

Bebout likes the STEM Center a lot. "The old one was very small," she said. "The environment here is really nice." Added Mason, also a sophomore: "I feel pressure here to not use my cell phone. It's a really good environment to get things done."

Bebout spent nine hours in the STEM Center the other day. "I was here for 12," Mason said.

The new STEM Center replaces a much smaller space in the old Math and Science building that was converted from a storage space.

The STEM Center is open Monday through Thursday from 9 a.m. to 8 p.m. and on Fridays from 9 a.m. to 4 p.m. To use it, students need to sign in with a mobile app or by punching information into a computer.

GWC Math Professor Pete Bouzar is faculty coordinator for the STEM Center, where students also can sign up for workshops and crash courses, join a STEM club, and meet with a STEM counselor.

"There are times where you see students in here and it's packed because they're all studying for exams or

practicums that are coming up," Bouzar said.

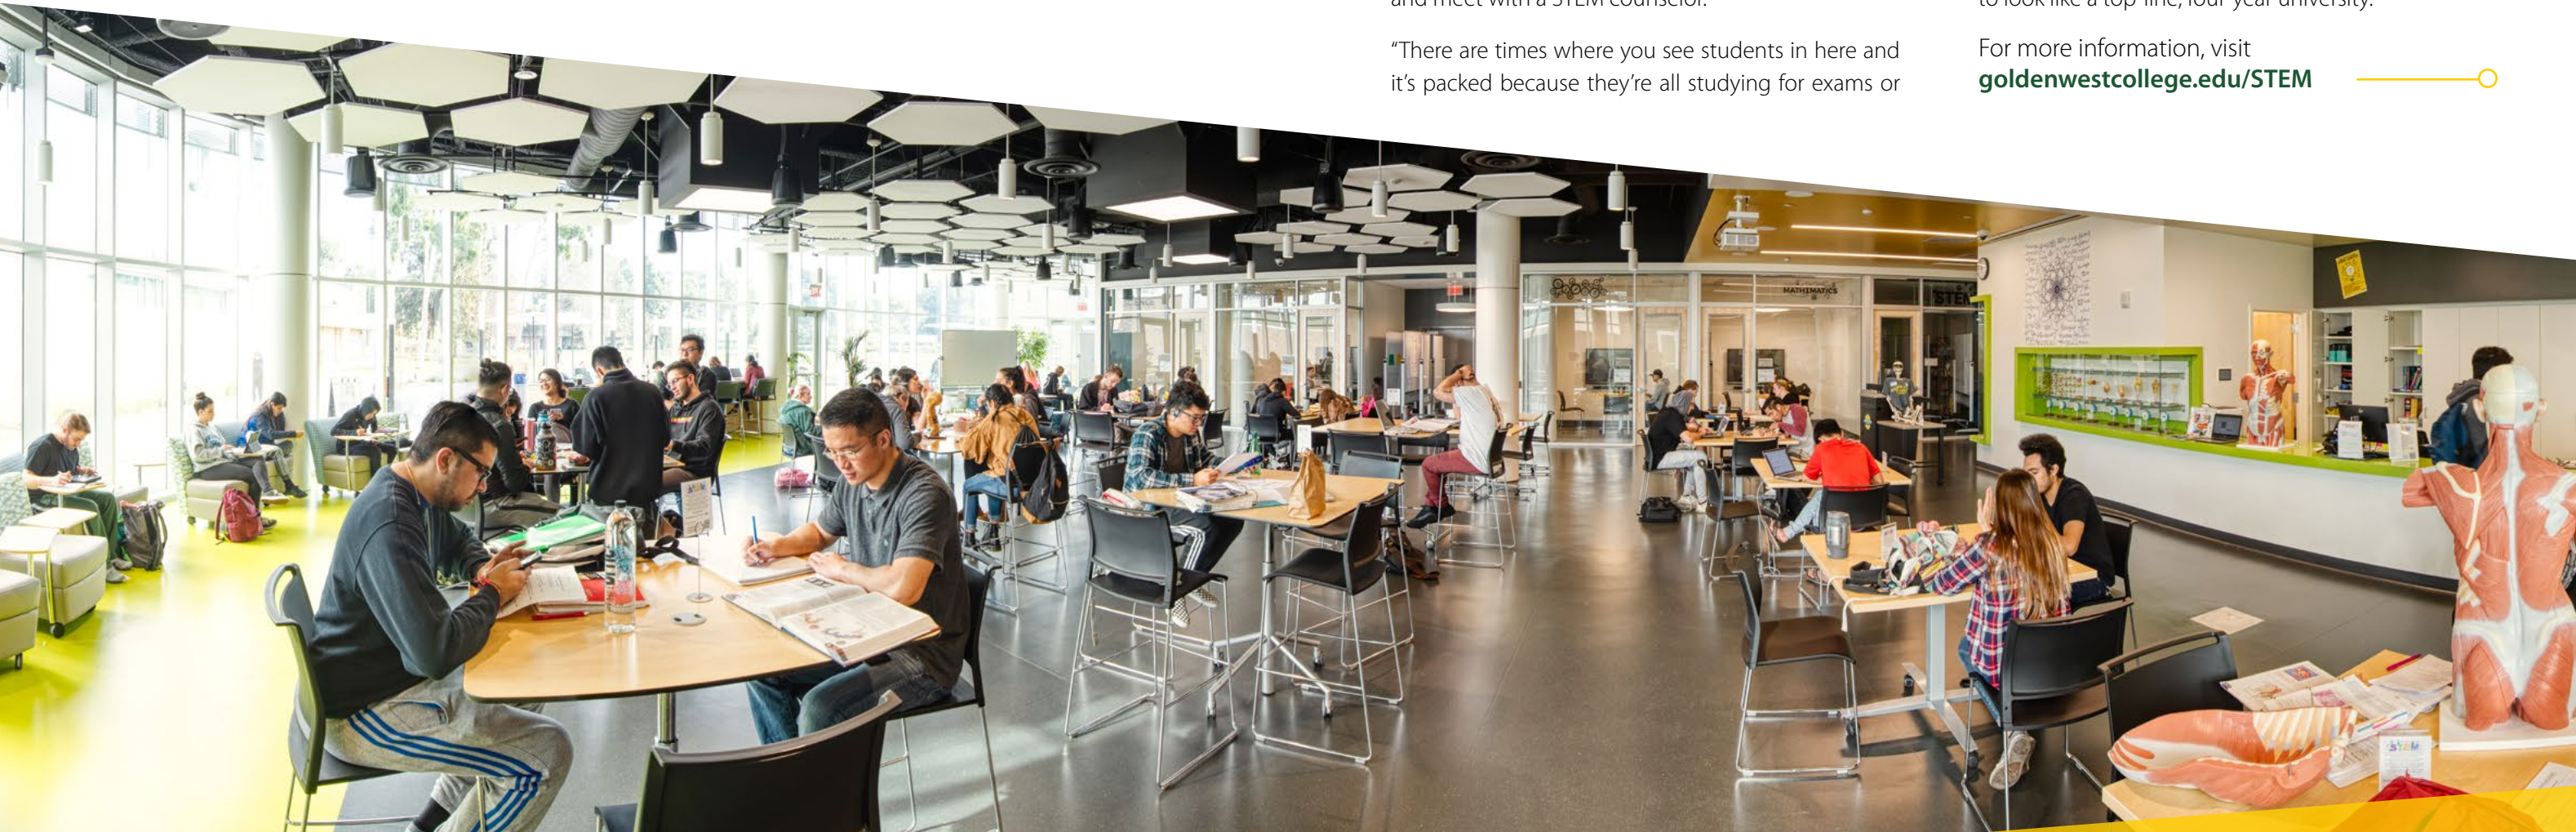

The STEM Center, which can hold up to 250 people, is averaging between 150 and 180 users a day.

"STEM is obviously a growing field," Bouzar said. "We need more STEM-educated students. And so we wanted to have a space that has all the resources they need while they're in school, and even come back to once they leave; we want to start providing career and internship opportunities."

Danielle Stene, a nursing major who works part-time at the front counter, describes the center as a sanctuary for her.

"It's a great space for studying and for hanging out between classes. It's a place where like-minded individuals can meet. I can find help from potential friends and professors here. It's a very welcoming environment. I've had people say, 'Wow, we're starting to look like a top-line, four-year university.'"

Tim McGrath
President, Golden West College

I'm proud of the impact Golden West College (GWC) has in our community. Last year, we awarded more degrees and certificates than any other California Community College.

Just like our more than 18,000 GWC students, my educational path started at a community college. Community college gave me a solid foundation — along with the excellent faculty that invested in my education.

I have attended four-year institutions and two different graduate programs, but I can honestly say that the best instruction I received was at the community college level.

The strides we are making at GWC today truly reflect our community approach to education, which will have a lasting impact for years to come. I am truly privileged to work alongside you and am grateful that you're on this journey with us.

A white handwritten signature on a dark green background.

Bruce Berman
Director, Golden West College Foundation

We've had an incredible year at GWC and I'm excited to share more about how, with your support, we are making a mark.

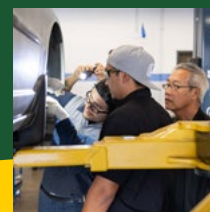

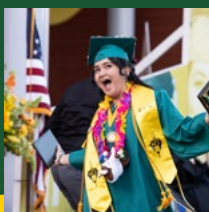

For more than 50 years, GWC has been your neighbor and steadfast community partner. We continue to receive overwhelming support from our donors and partners who want to make a difference in our students' lives.

In this Annual Report, you'll read about Leo, a hearing-impaired student who is getting a head start in college by taking dual-credit high school/college courses; Paul Motenko, GWC Foundation President and major donor; and Julie Nguyen, a successful Alumni and past ESL student.

You'll also see how your contributions are hard at work — offering scholarships and support to those we are so privileged to serve, and an overview of what we have done this past year.

Thank you for your ongoing commitment to Golden West College.

A white handwritten signature on a dark green background.

GOLDEN WEST COLLEGE FOUNDATION MISSION STATEMENT

The Golden West College Foundation's mission is to provide resources to support Golden West College and the community, by advancing education and opportunity for all students.

A PARTNERSHIP WELL BUILT

Paul Motenko, who co-developed BJ's Restaurant and Brewhouse into a national chain, always seeks to forge strong ties to the communities in which he opens his restaurants.

Motenko's latest venture is STACKED: Food Well Built, which was a pioneer in restaurant technology when he launched it in January 2009 with longtime business partner Jerry Hennessy. Guests use tabletop touchscreens to order fully customized meals at STACKED, which is famous for its mac and cheese and burgers.

The latest STACKED location, in Huntington Beach, opened in 2016. It was pretty much a no-brainer, Motenko says, to select Golden West College as the recipient of funds raised at several pre-opening parties.

"When we decided to open a restaurant in Huntington Beach, we looked around for a community organization to support, and the college being so close to the restaurant, it was a natural thing," he says. "We love to support education, and it just made a lot of sense."

AN ENTHUSIASTIC RESPONSE

Motenko reached out to Bruce Berman, executive director of the Golden West College Foundation. "He was so gracious and so enthusiastic," Motenko recalls. "But instead of him just saying, 'Well, sure, we'll take your money,' he said. 'Let me show you around this place.'"

Berman gave Motenko a tour of GWC and talked about all the things that were happening at the college and the impact it has on the community of Huntington Beach and beyond.

"I was hooked," Motenko says. "The more I know about the things that happen at the college and all the students that get their start there, the more I realized this was something I wanted to get more and more involved with."

"I realized this was something I wanted to get more and more involved with."

SCHOLARSHIP FOR STUDENTS CLOSE TO HOME

Motenko has become a generous donor to GWC and currently is president of the Board of Directors of the Golden West College Foundation. In that capacity, he recently helped hand out awards at the college's annual scholarship ceremony.

One of the recipients was Hailey Bonillas, 22, who is working on a degree in ASL (American Sign Language) at GWC.

Bonillas also happens to be a three-year employee at STACKED in Huntington Beach. Motenko estimates that about 25 percent of his employees at STACKED in Huntington Beach are GWC students.

On May 7, 2019, Motenko presented Bonillas with two gifts: the Herman R. Tate Memorial Scholarship in Speech Communications, and the Roughton Hopkins Communication Scholarship.

"The staff and faculty at Golden West College are amazing," Bonillas says. "And I love working at STACKED. It's so family-oriented. Everything is built around teamwork and togetherness, and they have given me so many opportunities."

"Hailey is one of our best team members, and a superior student at Golden West College," says Motenko, who also said he loves handing out scholarships. "To see the gratitude from these young people is very special."

Paul Motenko and Hailey Bonillas at STACKED restaurant in Huntington Beach.

Highlights of the Year

**21st Annual Gala
April 13**

The Golden West College Foundation held its 21st Annual Gala at the Waterfront Beach Resort by Hilton in Huntington Beach on Saturday, April 13, 2019.

This Gala was the most successful to date with the most attendees and money raised. The Foundation raised in excess of \$146,000 in support of Golden West College students.

A special scholarship fund dedicated to Huntington Beach Union High School District students was established and \$40,000 was raised to fund its first year.

The Opportunity Drawing Grand Prize — a new Jeep Renegade Latitude, donated by HB Jeep — was won by Jo Ann Anthony.

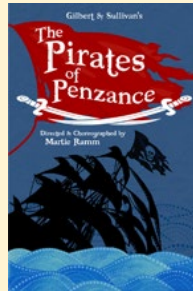

APRIL

**Donor Reception
May 2**

The GWC Foundation and Theater Arts Department teamed up this year to show our appreciation to our donors with a social reception followed by a performance of Gilbert and Sullivan's *The Pirates of Penzance* in the Mainstage Theater.

MAY

**Scholarships
and Awards
Ceremony
May 7**

See story on page 19.

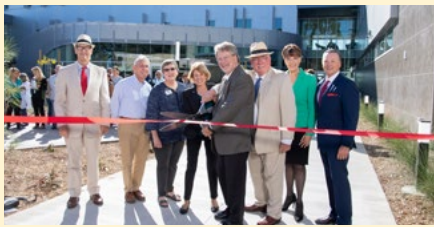

MAY

**Chefs for Scholarships
September 29**

Golden West College's Patrons hosted their 14th annual "Chefs for Scholarships—Taste at Golden West" on Sunday, Sept. 29. Over 250 people attended this year's event, and enjoyed sampling food and beverages from 25 local eateries. The Patrons awarded GWC student Jimmi Arroyo with the "Golden Chef Award" and a \$500 scholarship for his philanthropic efforts on campus. Over \$30,000 was raised during the event, with proceeds benefiting the students of Golden West College.

SEPTEMBER

Math & Science Building Grand Opening Ceremony October 8

The ceremony was hosted in the new STEM Center, and featured a one-man play about Nikola Tesla, "the man who invented the 20th century," performed to a standing-room-only audience by actor Ian Ruskin.

OCTOBER

Best of HB Award October 11

Golden West College was named "Best of HB" for a second straight year by the Huntington Beach Chamber of Commerce.

OCTOBER

Courtyard of Honor October 17

See story on page 12.

OCTOBER

HBUSHD Scholarships October 24

See story on page 19.

OCTOBER

Foundation Auxiliaries

GWC Foundation Auxiliaries offer excellent opportunities for individuals to contribute their valuable time, energy and creativity while making a positive impact on students' lives.

The Golden West College Patrons

The Golden West College Patrons is a volunteer organization comprised of current and retired GWC staff, faculty, alumni and community members. Organized in 1973, the Patrons' main objective is to raise funds for scholarships through the Chefs for Scholarships event each fall. The members also volunteer countless hours each year in support of other events such as the Gala, Art Gallery, Scholarships & Awards, and Graduation ceremonies.

Hens & Chickens Quilt Auxiliary

The Hens & Chickens Quilt Fellowships of Golden West College began in 1989 and now has members ranging in age from 12-80.

Each year they make a beautiful quilt for an opportunity drawing and donate the proceeds to Golden West College scholarships.

We look forward to seeing you at these events in 2020:

- April 4 • 22nd Annual GWC Foundation Gala
- May 5 • Scholarships and Awards Ceremony
- Sept. 27 • Chefs for Scholarships
- Fall TBA • Groundbreaking for New Language Arts Building

Julie Nguyen

THE LANGUAGE OF SUCCESS

SHE PRAYED THAT THE PHONE WOULDN'T RING.

It was 1996, and Julie Nguyen was working the first of what would turn out to be her many jobs at Golden West College, where she currently serves as a full-time online instructional associate.

But 23 years ago, Nguyen, an immigrant from Vietnam, had less than a year under her belt as a student in the English as a Second Language (ESL) Department, and her English still was very poor.

A single mother of a 2-year-old daughter at the time, Nguyen applied for a job in GWC's computer lab, thinking she wouldn't have to speak much English if she got it.

Instead, the dean of the department hired her to help her administrative assistant. And when the dean and assistant both were out of the office, Nguyen was in charge of answering the phone.

"I was very shy, and I didn't want to use my English because I was very uncomfortable with it," she recalls. "I was scared to death. I would be sitting there praying, 'God, please don't let the phone ring.'"

But Nguyen managed to get through it. "It was hard, but I survived," she says. "It's always in me to push myself out of my comfort zone."

AN IMPRESSIVE CAREER

That drive has led to a long and successful career at GWC for Nguyen, whose daughter, now 25, graduated from GWC in 2014 and earned bachelor's and master's degrees in English at UC Irvine.

Nguyen credits GWC's ESL classes for giving her the critical tools she needed to succeed. "Every student that I meet, I tell

"Whenever I do something, I do my best — even in the little things."

them, 'You've got to learn English properly. If you want to be successful, you need to take learning English seriously.'"

Initially, Nguyen enrolled at GWC to get a two-year certificate in accounting with the hopes of landing a low-level secretarial position. But she fell in love with education, which launched her long career as a Coast Community Colleges employee.

After GWC, Nguyen transferred to Cal State Fullerton and earned a bachelor's degree in management information systems in 2000.

CONTINUED ACCOMPLISHMENTS

Over the years, she has held positions at the Criminal Justice Training Center, as an admissions and records technician, as a systems analyst, and as a staff aide for the Academic Senate Office. She also worked for IBM full time for almost three years as a field technician.

Since 2014, Nguyen has served as one of GWC's two online instructional associates, who essentially serve as the help desk for faculty and students teaching and taking classes digitally.

Among the many items on Nguyen's desk is a book of traditional folktales in Vietnamese and English. For her, honing her English continues to be a lifelong passion. "I think it's always in me that whenever I do something," Nguyen says, "I do my best — even in the little things."

DYNAMIC DUAL

LEO GRUBER WAS IN A QUANDARY.

When it came time for the Ocean View High School sophomore to take a required foreign language class, he didn't know what to do.

Because Leo is hard of hearing, taking a foreign language class pretty much would have been impossible.

Luckily for him, Golden West College had just launched a Dual Enrollment program, a concept that has been around for more than two decades nationally, but only recently has taken root in Orange County and throughout the state.

The idea is simple: In California, a college district and high school district share an agreement known as CCAP, for College & Career Access Pathways Partnership Agreement.

High school students who participate in the Dual Enrollment program can take several college courses and earn both high school and college credit — and it's all free, including books. If a student were to take two college classes each semester in high school and another course each summer, they could earn 60 college credits for free before they finish high school. This equates to the first two years of a four-year degree program.

By comparison, a student who studies full time for two years at a Cal State University campus would pay about \$15,000 just in tuition and fees, while a student at a UC campus would pay nearly \$30,000 in tuition and fees.

The many benefits of Dual Enrollment have caused it to grow in popularity in California in recent years.

Classes are taught at the high schools, and students can take the college credits they earn and apply them toward a bachelor's degree at a four-year university.

“Dual Enrollment students tend to perform better academically in both high school and college,”

Leo took American Sign Language (ASL) 1 in Spring 2018 and ASL 2 in Spring 2019 — and he aced both classes.

“I liked that Golden West gave me the opportunity to take a foreign language that I really need for life that my high school didn't offer,” said Leo. He plans to attend GWC and eventually become a teacher of deaf and hard-of-hearing children.

Leo said he especially enjoyed having a deaf instructor in ASL 2.

“It made the class more realistic,” he said. “These classes offered me a great way to sample a college experience and helped me keep focused on my future.”

Jessica Wyman, Leo's mother, a kindergarten teacher at Oak View Elementary in Huntington Beach, learned about GWC's Dual Enrollment program from her daughter, Claire, who also is hard of hearing and has a learning disability.

Claire, 23, who now attends Cal State Long Beach, had taken ASL classes at Golden West and had praised the quality of the program and its instructors. She brought home materials to her mother and brother about GWC's Dual Enrollment program when the college announced its launch.

Wyman was thrilled.

“I was jumping for joy, because it gave Leo a chance to take a class that Ocean View didn't offer,” she said.

Leo was the only student from Ocean View to participate in the Dual Enrollment Program that Spring 2018 semester.

"The program since has grown rapidly and continues to expand," said Matt Valerius, Director of Guided Pathways & Dual Enrollment at GWC.

"The high schools are becoming much more interested in it," Valerius said. "They're starting to see the benefits, and Golden West is putting the necessary resources behind it."

GWC began its Dual Enrollment partnership with the Huntington Beach Union High School District (HBUSD) and last fall, GWC began offering courses at five high schools in the Garden Grove Unified School District (GGUSD).

"Numerous studies from across the country have shown the benefits of participating in Dual Enrollment programs, with Dual Enrollment students tending to perform better academically in both high school and college," Valerius said.

For more details about the program, visit goldenwestcollege.edu/dualenrollment.

Michael Gates

Chief Mark Lauderback

Tony Lee

Christine Massas

Eric Warren

HONORING EXCEPTIONAL BENEFACTORS AND DISTINGUISHED ALUMNI.

On Thursday, October 17, the Golden West College Foundation hosted its Courtyard of Honor Ceremony in the President's Courtyard. The annual event allows the Foundation to express gratitude and appreciation to those individuals and organizations who have contributed significant financial resources to the college over the years.

The event is also an opportunity to recognize alumni who have distinguished themselves in their careers and lives after attending GWC.

ALUMNI PILLARS OF ACHIEVEMENT

Alumni Pillar of Achievement recipients have completed 30 or more units at Golden West College and achieved notable recognition in their field of endeavor. Alumni are eligible for Pillar nomination 10 years or more after leaving GWC.

Michael Gates became the City Attorney for the City of Huntington Beach in November of 2014 and was recently re-elected in 2018. He earned his Juris Doctor from Chapman University School of Law and is admitted as a member of the U.S. Supreme Court, the California Supreme Court, the Ninth Circuit Court of Appeals, and the United States District Court.

Chief Mark Lauderback started his career with the Westminster Police Department in 1994. His outstanding achievements and leadership have enabled him to rise through the ranks of the department until early 2019 when he was selected as the department's Chief.

Tony Lee is a technical leader and product manager at the Boeing Company, where he has been recognized for his excellence as both a leader and mentor. Lee is a National Science Foundation Scholar, a member of the American Scholars National Honor Society, and is currently completing work on his fifth master's degree.

Christine Massas credits the quality of the education she received at the GWC School of Nursing as being instrumental in shaping her successful career as a critical care nurse.

Eric Warren started his career in public relations by serving on the student government at GWC while he was also employed as an aide to a member of the U.S. House of Representatives. He has emerged as a public relations leader in the space and intelligence industry and is currently director of public relations at Utah State University's Space Dynamics Laboratory.

GOLDEN SOCIETY

Membership in the Golden Society is an honor bestowed upon individuals or businesses whose cumulative cash gifts to GWC range from \$10,000 to \$24,999. Four new Golden Society members were inducted this year: **The Huntington Beach Automobile Dealers Association; Ron Kupferstein; Dr. Lorraine Prinsky; and Joe Jr. and Valerie Venegas.**

PILLARS OF SUPPORT

Pillars of Support are identified by a plaque installed on one of the many concrete pillars located throughout the campus. Just as the concrete pillars support the physical buildings, our donors support the educational needs of our students. A Pillar of Support represents a cash gift from an individual or business of \$25,000 or higher. Pillar of Support inductees this year were: **American Legion of Inglewood; Ralph and Charlene Bauer; Bonnie and Robert Castrey; and Al and Patricia Corfield** (on behalf of GWC's Dan Corfield.)

The Huntington Beach Automobile Dealers Association was represented by Dave Garofalo.

The American Legion of Inglewood was represented by Cheryl and Tom Graveline.

GOLDEN WEST COLLEGE SCHOLARSHIPS AND AWARDS CEREMONY

At the Scholarships and Awards Ceremony held last May, 517 scholarships worth \$600,000 were awarded to 478 GWC students. The Scholarships and Awards Ceremony recognizes both the scholarship recipients and the donors who support them. The ceremony is held annually at the college.

Since 1986, the Golden West College Foundation has processed over \$9.3 million for student scholarships. Each scholarship application involves a process of review by scholarship committees who select the recipients based upon individual scholarship criteria.

HUNTINGTON BEACH UNION HIGH SCHOOL DISTRICT SCHOLARSHIP RECOGNITION EVENING

On October 16, 2019, the Golden West College Foundation hosted a Scholarship Recognition evening, awarding entrance scholarships to 58 GWC students who graduated from the Huntington Beach Union High School District.

Using money raised in April at the Gala, a special scholarship fund of \$40,000 was established to support up to 80 students with \$500 scholarships. At the scholarship event, GWC Foundation Director Bruce Berman said, "We are excited to partner with the Huntington Beach Union High School District, and look forward to the possibility of expanding our partnerships and scholarships to other surrounding communities."

Whether you are looking to make a gift now or planning for future giving through bequests in your will, IRA or retirement accounts, charitable annuities or trusts, the Foundation Office at Golden West College can help. Please contact us at (714) 895-8315 or email bberman@gwc.cccd.edu for more information.

Gifts of Cash

Gifts of Cash (cash, checks or credit card) are always welcome and can be designated by the Donor as to their use or can be left up to the college to use them where most needed. These gifts can be of an endowed, temporarily restricted or unrestricted nature.

Gifts of Real Estate

Gifts of appreciated real estate provide you with an immediate tax deduction and capital gains tax savings. Real estate donations can be made immediately or through your will or living trust. Donors can also make a tax-deductible current gift of their home while continuing to live in and enjoy it for their lifetimes with a gift of retained life interest.

Gifts of Personal Property

Almost any form of property, such as works of art, antiques and other personal items can be a suitable charitable gift.

Gifts of Intellectual Property

Gifts of intellectual property such as copyrights, patents, royalties, licenses, and technical data are welcome. The tax and legal provisions that govern these gifts vary according to the type of property.

Gifts of Stocks or Bonds

For information on how to make a gift to the Golden West College Foundation through transfer of stocks or bonds, please call the GWC Foundation Office at 714-895-8315. The taxable benefits of gifting appreciated securities may be substantial.

Gifts by Wills or Living Trusts

Gifts made by will or through a revocable living trust may result in estate tax savings and can be established to enhance an endowed fund that will honor the donor or loved one in perpetuity, establish a named or memorial fund, designate an area of the college you wish to support, or leave it up to the college to use the gift where it is most needed.

Gifts of Life Income

There are many types of planned gifts for those interested in making significant gifts while enjoying increased income and an immediate charitable deduction. This type of gift includes Charitable Remainder Trusts, Pooled Income Funds, and Charitable Gift Annuities. Other deferred gifts include life insurance and retirement plans.

Charitable Lead Trusts

A Charitable Lead Trust can provide immediate cash gifts from the trust income to the college for a stated period of years. After that time, the appreciated assets return to you, or transfer tax-free to your heirs.

Matching Gifts

Many employers participate in a matching gifts program that can double, triple or quadruple your gift to GWC. Donors receive full credit for their matching gifts for the purposes of recognition and benefits. Just ask your company's personnel office for a matching gifts form, fill it out and send it in with your contribution. We'll take it from there.

Naming Opportunities

Individuals, Companies or Foundations wishing to make an enduring contribution can take advantage of the opportunity to associate their name with a classroom, laboratory, study hall, open area, or other feature in one of our new buildings: The Criminal Justice Center and Scenario Village, The Student Services Center or the new Math Science Building. Please contact the Golden West College Foundation office for details.

Other types of gifts not listed

There are many additional ways to support GWC. If you have questions about giving personal property, appreciated securities, gifts in kind, or by any other means, please contact the GWC Foundation.

**For more information about how to support GWC, please contact the Foundation at (714) 895-8315.
To donate online now, visit www.gwchbfoundation.com**

Thank you for your continued support of Golden West College Students
through your contributions to the GWC Foundation.
